day the 4th, general and heavy storms of rain, sleet, spow and wind, will be the most natural. In southern and central parts of the continent there will be a change to very warm southerly who exposes himself bids for a severe cold in the head and usually gets it. And the cold winds.

All storms throughout the morta will be equinoctial in character; the first stages will be warm, with rase, lightning and thunder, especially along the south and east sides of storm areas. To the west and northwest the rain will rapidly turn to sleet and snow, followed by a high barometer which will force cold waves and extreme wintry conditions for the season eastward and southward over almost the entire coun-

All through the Mercury period, THE "3 DAYS" CURE which ende about the 10th, cloudy, threatening weather will prevail, but renewed storm conditions will be inclusive. As we approach new moon on the Strit will grow much warmer, falling barometer will appear in western parts,

An energetic, short-lived high barom-eter may possibly rush in before the on-coming of the Valcan storm period central on the 13th, but the chances are

on-coming of the Valcan storm period central on the 13th, but the chances are good for continued and general it rms over the 10th and into the iterm period extending from the 11th to the 16.

The earth passes an electrical and magnetic crisis each year, on and about March 11th. The new and full moons in March are always on or very close to the celestial equator, thus forming close conjunctions with earth and sup. When March 11th. The new and full moone in March are always on or very close to the celestial equator, thus forming close conjunctions with earth and sun. When trese conjunctions fall near the annual perturbation certral on the 11th, storm, ocean t des, and electric phenomena are almost certain to reach a high maximum. A react onary storm period will be central on and about the 19th and 20th, at which times a change to warmer, falling barometer, and wide

period will change to much warmer as the month goes out, and more reaction ary rain sod snow will visit many sections to their march eastward across the States.

Greeley's bandwriting. Summarized Go Carts and Carriages.

had considerable delicate thought it would be a good plan to go into the poultry raising business, so he wrets to Mr. Greeley, asking three or four questions as to the best breeds, etc., and in closing art imped envelope for a reply Within a few days he received an an swer which, according to his interpre-tation, read as follows:

poorest newspaper in New York. Yours truly, Horace Greekey. The clergyman was greatly mystified

by the reply, as there was not ling in it which in any way related to the raising of chickers. Thinking that possibly he had not interpreted Greeley's awful chirography correctly, he took the letter to a man who was familiar with it for advice. The man gave the same reading as the clergy-man sod finally advised him to go to New York and call on the editor for

for he had no patience with people who couldn't read his handwriting. He grabbed the letter, and after considerable effort interpreted it just as the clergyman had. He was nonplussed, Finally he called Mr. Larkaway, a compost ir who had the reputation of be-ing the only man in the office who could read Mr. Greeley's manuscript correctly. Larkaway give it the same in-

terpretation as the others. As he tinished, Greeley sank back in Alexandria Fertilizer his chair helplessly.

"I'm done for!" he grasped feebly.

"I'm done for!" he grasped feebly.

Just then Larkaway took a quick

forward step, exclaiming:
"Hold ot! There's a mistake! I had it wrong end ui! He seized the let er. gave it a quick tirra and then read.

Chappaqua, Sept. 8.
